

## Free Energy Code Resources

[www.bamn.org/energycode](http://www.bamn.org/energycode)

# Are you ready?

On June 1, 2009 the new Residential Energy Code and Radon requirements are coming to a local building department near you.

The Builders Association of Minnesota has free resources available to help you understand, build, and inspect to the new code.

This project was made possible by a grant from the U.S. Department of Energy and the Minnesota Department of Commerce. Because of this grant we are able to make this information available to all licensed contractors in Minnesota.

### Go to [www.bamn.org/energycode](http://www.bamn.org/energycode) to:

- ▶ Sign-up for a free energy code class May 15-23, 2009. *Hurry, space is limited and pre-registration is required see information on next page.*
- ▶ Download a free copy of the *2009 MN Residential Energy Code*.
- ▶ Download a free copy of the *BAM Member Guide: Top 20 Changes to the Energy Code for Residential Construction, Additions, and Remodels*.
- ▶ Download a free copy of *BAM's Field Guide to the New Energy Code*. Available for download on May 30, 2009.
- ▶ Download and print free illustrations that help clarify the code.
- ▶ Ask a question and we'll share the answer with the entire industry on the energy code Q & A section of our webpage.

# Major Changes to the New Residential Energy Code:

Overview and Open Q & A Session

## Why is this Course being offered?

The new residential energy code will be enforced on June 1, 2009. Come learn the most important changes in a relaxed environment where questions are welcome.

All building code officials, licensed residential contractors, HVAC contractors, and insulation contractors are invited.

All participants will receive a free copy of the new residential energy code and illustrated handouts. This course will not be offered for credit.

## What Else?

This course is brought to you by the Builders Association of Minnesota and its 14 local builders associations. This project was made possible by a grant from the U.S. Department of Energy and the Minnesota Department of Commerce.

## Instructor:

Ed Von Thoma, Building Knowledge Inc.

## When and Where/How to Register?

This non-credit course is free but pre-registration is required and class size is limited.

All courses will be held from  
1:00 pm – 2:30 pm\*
